

6210428 Patent Number:

11, 18, 02 Date Returned to Technology Center (T C)

The following is an example of a correction for correction of named inventors, which did not accompany this file containing a granted Petition under CFR 1.324, and is hereby being returned to the T C.

Using the following format as used in the example below, a notice should be prepared/typed in the T C, and the file and notice should be returned to the following location:

Certificates of Correction Branch
PK 3 - 915/922

EXAMPLE

UNITED STATES PATENT AND TRADEMARK OFFICE

CERTIFICATE

Patent No. 1,234,567
Patented: April 1, 1995

On petition requesting issuance of a certificate for correction of inventorship pursuant to 35 USC 256, it has been found that the above-identified patent, through error and without any deceptive intent, improperly sets forth the inventorship. Accordingly, it is hereby certified that the correct inventorship of this patent is:

John Doe, Washington, DC; Jane Doe, Marlow Heights, Md.

(Note: The signed and sealed date (the date the notice will be published), will be furnished by Certificates of correction Branch and placed in this location.)
